

Jane Myers:

I have gotten the chance to connect with Janae Myers, who is the director of development at New Hope Community. My family's linkage with Select Human Services, has also got us connected with New Hope when the agencies came together a few years ago. I am displaying our recent email dialogue below:

Just to do a quick follow-up, I am connecting via email as promised. It was great to chat with you and get to know more about your connection to Select Human Services. I cannot thank you enough for reaching out to us and taking the time to talk to me and do your research.

I will talk to our finance department and Westchester Community Foundation to better understand our relationship and if we've ever been a grantee of the Foundation. You can also expect a follow up email from me with an impact report.

Until then, we actually just released our quarterly newsletter today and I am happy to share that with you: [Community Insider - September 27, 2024 by newhopecommunity - Issuu](#). You can find SHS happenings on pages 8-9, and some Foundation updates on page 10 – 11.

I will be in touch soon. Thank you again!

Thanks for the quick call yesterday. Just left you a message but want to follow up here quick, too.

I reached out directly to Emilia Jourdain today. I left her a message and followed up with an email, so as soon as I hear back and she and I look into the relationship history, I will give you a call with more information.

I will talk to you soon. Have a great day!
